WELCOME

Hello and thank you for your interest in
De Montfort University International College (DMUIC).

Welcome to DMUIC - an international college dedicated to laying the foundations of your successful career.

DMUIC provides the first stage of your studies at De Montfort University (DMU). With teaching specially designed to help you pursue your professional goals, DMUIC equips you with skills that will help you thrive in a UK university and succeed in your degree studies. We ensure that you are personally supported and guided through academic challenges, career preparation and continuation onto a full degree course at DMU.

When you enrol at DMUIC, you become a fully-fledged DMU student with privileges and benefits equivalent to every other student at the University. This brochure will tell you more about the advantages of learning with us - and it will also answer many of your questions about what it is like to study at the college.

Although a lot of hard work lies ahead, the tutors at DMUIC aim to help you enjoy every minute of your studies. Our college is big enough to offer great teaching and facilities, but small enough for us to get to know each student. Along with DMU, we have a proven track record in helping students achieve their goals and ambitions - and we are sure our new students in 2020 will achieve even more!

I look forward to working with you, getting to know you and sharing in all your successes.

Every good wish!

Philip Moere
College Director

DMUIC

Located at the heart of the De Montfort University (DMU) campus, DMUIC offers international students a unique opportunity to study in the UK.

DMUIC pathway courses give you the chance to gain subject knowledge, build academic English language skills, and transfer to a full DMU degree course upon completion.

Courses at DMUIC are designed to give you the very best start to your degree studies with DMU. With experienced teachers and small class sizes you will receive first-class teaching as well as the individual guidance needed to adjust to your new life as a UK university student.

Our pathway courses cover a range of undergraduate and postgraduate subjects, and this includes art and design, business and law to engineering, life sciences

and pharmacy, while our Pre-sessional English courses (lasting 6 or 12 weeks) are also available to help you meet our minimum English language requirements.

There are different levels of study offered, such as the International Incorporated Bachelors (IIB), Pre-Top up (PTU) and the International Incorporated Masters (IIM). Within the IIB, there are courses known as International Year Zero (IYZ), and International First Year (IFY). DMUIC will deliver the first stages of the IIB, PTU and the IIM before you transition into the next stage of your chosen degree at DMU.

The De Montfort University International College (DMUIC) is operated by Oxford International Education Group in partnership with DMU. Founded in 1991, Oxford International is an accredited, private education provider that operates independent boarding schools, international colleges, educational tours and English language centres across the UK and North America to create life-enhancing experiences for students worldwide. Our courses help over 50,000 UK and international students achieve academic success every year. We have built strong relationships with education consultants around the world and pride ourselves on delivering the best programmes for their students.

 [oxfordinternational.com](https://www.oxfordinternational.com)

REASONS TO CHOOSE DMUIC:

- Great location at the heart of DMU campus
- Small class sizes of no more than 18 students for PSE, IYZ & IFY courses and 36 students for PTU & IIM courses.
- Full DMU student status, with access to all university facilities from day one
- A seamless transition directly onto your DMU degree course upon successful completion of your studies at DMUIC

A PATHWAY THAT WORKS

In 2017/2018, 97% of students who successfully completed their DMUIC pathway courses continued their studies at DMU.

* Source: OIEG Records 2018

A FRIENDLY, INTERNATIONAL STUDENT COMMUNITY

**A GLOBAL
STUDENT BODY**

With a truly global student body, DMUIC is a supportive and welcoming place for all international students.

At DMUIC, our students come from all over the world – so you will have the opportunity to learn about different cultures, broaden your horizons and make lifelong friends.

**SUPPORTING YOU
ALL THE WAY**

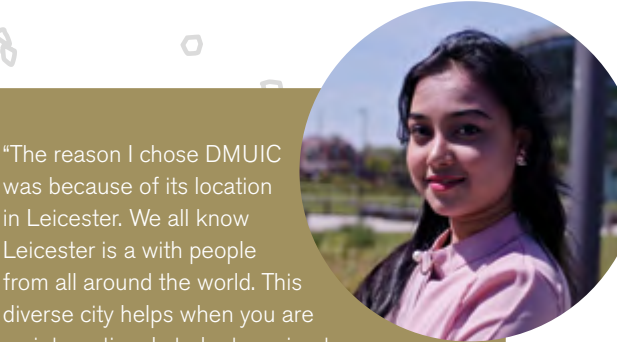

We have a dedicated College Manager and six Student Support Officers at DMUIC, all of whom will help you settle into life as a student at DMU.

As an enrolled student of the university, you will have full access to all of the DMU student services, including De Montfort Students' Union, sporting facilities, catering, welfare and accommodation.

TOP 20 NATIONALITIES AT DMUIC*
AND MANY MORE!

*Based on number of on course students May 2019.

"The reason I chose DMUIC was because of its location in Leicester. We all know Leicester is a with people from all around the world. This diverse city helps when you are an international student coming to study in the UK for the first time."

Nafisa, Bangladesh, IYZ Art and Design

YOUR PATH TO A DEGREE AT DMUIC

DMUIC offers various study routes to a DMU degree – depending on your level of study, English proficiency and subject area.

UNDERGRADUATE STUDY

International Incorporated Bachelors (IIB)

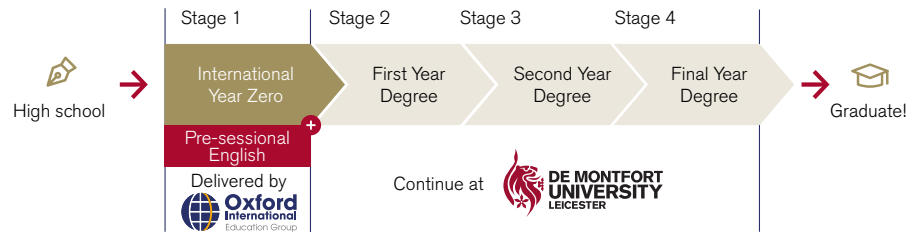

The IIB offers an alternative start to your undergraduate study at DMU, strengthening your English abilities as well as introducing basic concepts and key knowledge required in your chosen subject area. Depending on your current academic qualifications and English Language level you will study the first stage of your IIB at DMUIC, with a choice of three routes:

INTERNATIONAL YEAR ZERO (IYZ) – Four-year integrated degree course

You will study the IYZ at DMUIC before continuing to Year one of your chosen degree course at DMU.

Subjects available:

- Art and Design
- Business and Law
- Engineering and Computing
- Life Sciences
- Media
- Pharmacy

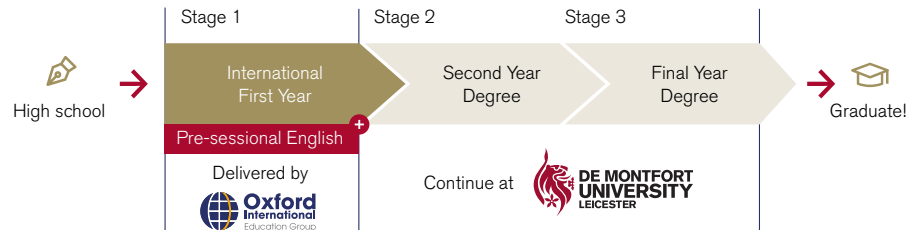

INTERNATIONAL FIRST YEAR (IFY) – Three-year integrated degree course

You will study the IFY at DMUIC before continuing to Year two of your chosen degree course at DMU.

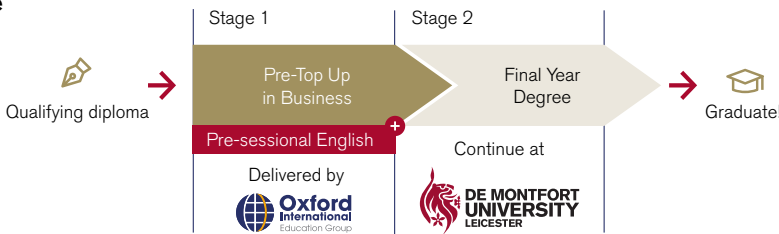

Subjects available:

- Business and Management
- Engineering and Computing

Pre-Top Up (PTU) in Business – transition to final year undergraduate

The PTU in Business supports you to successfully transition from diploma into your final year of an undergraduate degree course. You will study the PTU at DMUIC before continuing to Year three of your chosen degree course at DMU.

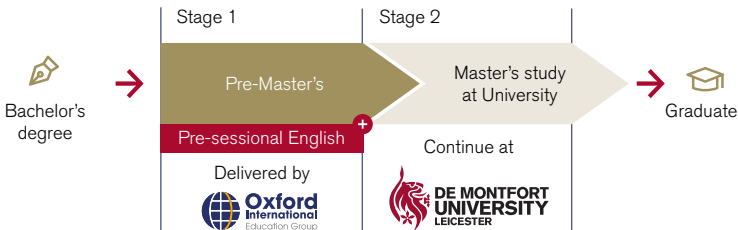

POSTGRADUATE STUDY

International Incorporated Masters (IIM)

You will study the IIM at DMUIC before continuing to your chosen postgraduate course at DMU.

Subjects available:

- Art and Design
- Business
- Engineering

ENGLISH LANGUAGE STUDY

Pre-sessional English

Pre-sessional English courses lasting 6 or 12 weeks are also available to help you meet our minimum English language requirements if needed.

WHY CHOOSE DMU?

De Montfort University is a university ranked Gold in the 2017 Teaching Excellence Framework (TEF), the only government-endorsed measure of teaching quality in higher education. [Office for Students, 2017]

Consistently outstanding

The TEF Panel judged that De Montfort University delivers “consistently outstanding teaching, learning and outcomes for its students. It is of the highest quality found in the UK.” [Office for Students, 2017]

Highly successful graduates

97.3% of DMU graduates from summer 2017 are in work or further study after graduating, according to the Destinations of Leavers from Higher Education (DLHE) 2016-17 report [above the sector average of 94.6%].

50th in the world for sustainability

DMU has been placed 50th in the world for sustainability in the first-ever Times Higher Education (THE) University Impact Rankings.

200 best young universities in the world

DMU was named as one of the 200 best young universities in the world (“under the age of 50”) by the Times Higher Education magazine in 2018.

TEF Gold

DISCOVER LEICESTER

Centrally located in the heart of England, Leicester has great transport connections that bring the rest of the UK within easy reach.

A vibrant, diverse city

Leicester is known for its vibrant culture, diversity and lively atmosphere – a city where there's always something happening. The 2018 Good Growth for Cities Index named Leicester the 10th best UK city to live and work in, ahead of London, Brighton, Birmingham, and Nottingham. When it comes to affordability, Leicester is also great for cost-of-living essentials such as food, rent and bills; the city was judged the third most affordable for students in 2018's NatWest Student Living Index.

A connected city

Just over an hour from London by train, Leicester is centrally located within the UK, meaning that airports and other cities are within easy reach – so you're never too far from friends and family. Within the city itself, Leicester has the best connections of any English city other than London and Manchester, based on government data showing how quickly people can get to schools, doctors, hospitals and shops on foot or by bus.

AN AMAZING STUDENT EXPERIENCE

Studying at DMU means a great student experience in one of the UK's best cities.

With a superb location, great amenities, Gold-standard teaching and excellent support services, we hope you will feel right at home here.

A fantastic campus

DMU has recently transformed its campus to create the perfect place for learning and inspiration. From laboratories and art studios to study spaces, seminar rooms and lecture theatres, DMU prioritises modern technologies and equipment to prepare students for the future.

Affordability

When it comes to affordability, Leicester is great for student essentials such as food, rent and bills, and was judged the third most affordable city for students in the NatWest Student Living Index 2018.

First-rate teaching

DMU is proud to have been recognised with a Gold rating in the UK government's official Teaching Excellence Framework for 2017. Our passionate and enthusiastic lecturers have also excelled in the National Teaching Fellow awards – the most prestigious awards for excellence in higher education – receiving 20 National Teaching Fellowships since the scheme began. DMU's internationally renowned research institutes are also making a real difference to people's lives in areas such as health, infrastructure, sustainability and economic growth: most recently, we launched the Stephen Lawrence Research Centre to promote social justice on a local, national and global scale.

"I heard how nice Leicester was as a city and people who came here to study said they always want to go back. It's a friendly place. "I like the fact that you can walk everywhere from campus. The shops are just a few minutes away and there is a really good music scene at places like The Cookie."

Samson Makinde, DMU Economics and Finance BSc (Hons)

"Studying fashion at DMU is phenomenal. The facilities are fantastic and the tutors and quality of teaching they deliver for both undergraduate and postgraduate really set it apart. "I loved my course so much that I was a student ambassador for three years, which, among many other things, gave me the chance to support with planning for Graduate Fashion Week and the Degree Show."

Raabia Arif, Fashion Design BA (Hons)

Travel opportunities

Our international experience programme, #DMUglobal, offers subsidised and affordable international travel opportunities to all students so that they can enrich their studies and broaden their cultural horizons. More than 13,000 of our students have travelled overseas to a huge variety of destinations, including New York, Hong Kong, San Francisco, Berlin and Tokyo.

 dmuglobal.com

Health and support

The welfare of our students is always our No.1 priority, and we offer a range of dedicated services to provide support when needed throughout your time at DMU. Students have access to mental health support, counselling, disability services, and a medical centre on campus. We also run #HealthyDMU – a wellbeing service that aims to help students have a healthy, happy and productive time at university and develop habits that can enrich wellbeing for years to come.

 dmu.ac.uk/healthy

STUDENT LIFE

Our students tell us that DMU is the perfect size – large enough to provide support, yet compact and friendly enough to call home.

We also run a range of events and services to help you settle into student life once you arrive here.

International Welcome Week

Every September we hold an International Welcome Week specially for our international students. There will be activities, day trips and entertainment – and we will be able to answer all your questions about DMU.

Student Gateway

The Student Gateway is DMU's one-stop shop for any non-academic enquiries. Our friendly team will be able to give advice on important subjects such as careers, housing, money, welfare support and international issues.

Health and wellbeing

De Montfort Surgery is an NHS general practitioners' surgery on the edge of campus that provides medical care for our students and some local residents. DMU also offers a confidential counselling service, giving you the opportunity to talk with someone who is impartial and separate from work, social and family life.

Faith and worship

DMU welcomes students from all faiths and none, and if needed, we can help you find your religion's community in Leicester. DMU has its own chapel as well as one of the biggest Muslim prayer rooms of any UK university. Our chaplaincy also provides a wide range of spiritual and practical support to all our students.

De Montfort Students' Union (DSU)

As a DMUIC student, you automatically become a member of De Montfort Students' Union (DSU) – an independent student-run organisation that serves the DMU community. DSU provides access to 120 societies, 40+ sports clubs, numerous volunteering groups, and Demon Media, the De Montfort student media group – all of which give you the chance to be involved with something amazing and build memories that will last a lifetime.

"I chose to study at DMU because it fitted my idea of what I thought university would be like, and DMU is in the UK which is one of the top creative countries in the world. The teachers and staff at DMUIC are wonderful people. They will make sure you stay focused and on-track."

Karina Basurto, Mexico, DMU Product Design graduate. Karina started her degree at DMUIC with International Year Zero: Art and Design.

STUDENT VLOGS:

With top tips for new students and advice on what to expect from your course, our student vloggers share their experience of DMU and provide an authentic look at student life.

#DMUFORLIFE

Being a part of the DMU family isn't just about the years spent with us on campus: we also encourage our alumni to be an active part of our global and local family through #DMUforlife. All DMU alumni have lifelong access to support and networking opportunities as well as discounts and memberships on campus.

-  [dmu.ac.uk/alumni](https://www.dmu.ac.uk/alumni)

SPORTS AT DMU

Whether you play at competition level or simply want to try out a new activity, there is a sports club for everyone at DMU.

DMUsport provides a choice of more than 30 sports clubs, from basketball and boxing to judo, football, triathlon and snow sports – and we aim to give every student opportunities to take part in sport, whatever your ability or confidence level.

Our #DMUactive programme is delivered by students and offers an extensive range of free

activities, such as indoor tennis, basketball, lacrosse and badminton. We also work to educate students about how to lead a fit and active lifestyle, balance sports with studies, and maintain a healthy diet.

 dmu.ac.uk/sport

Superb facilities

- The Watershed is our indoor training environment for sports clubs and societies, and is home to fencing, archery, dodgeball, korfbal, and land-training facilities for rowing. The centre also offers a dedicated strength and conditioning gym for club members, where coaches work with sports teams to develop fitness and strength.
- Our Beaumont Park facility boasts a newly improved clubhouse, two all-weather 3G artificial pitches, two FA-standard grass pitches, and floodlights for night games.
- The Queen Elizabeth II Jubilee Leisure Centre has a 25-metre six-lane swimming pool, sauna, 13-metre climbing wall, sports hall, free-weights area, fitness suite, and a comprehensive fitness programme with a variety of activities from aerobics and abs blast to yoga and Zumba.

Sporting partnerships

Leicester is a city with many great sporting achievements, and DMU is proud of its success. As an official partner to Premier League football club Leicester City, our long-standing links with the club generate placement opportunities for our students – as well as ticket offers that could let you see some of the world's best players in action just five minutes from campus.

DMU also has partnerships with other major competitive teams – including Leicester Tigers, the 10-time English Rugby Union champions, and Leicester Riders, Britain's oldest professional basketball team and three-year back-to-back British League champions.

CAREERS

From the moment you arrive at DMU, our careers programme can help you transform into a work-ready graduate with professional skills and experience.

To prepare for today's competitive job market, students often need to think about developing professional skills while still at university. Statistics show that employers prefer to hire someone with six months of experience rather than a new graduate – even one with an amazing academic record. It's therefore essential for students to undertake work experience so that they can demonstrate commitment, develop skills and learn about their chosen field before they graduate.

DMU Works

Our extensive DMU Works careers programme aims to help all our students become adaptable and business-aware through professional experience opportunities. Students are helped to understand personal strengths and develop the skills and qualities that today's employers are looking for. Activities include:

- Professional experience, one-year placements, flexible internships and part-time work
- Work-readiness training, coaching and development
- Industry insider visits

Professional experience can range from a year's placement to spending a day on site with an employer, typically in the UK or Europe. Students have previously visited the BBC Media City in Manchester, the Paris headquarters of Enterprise Rent-A-Car, the BMW Motorrad factory in Berlin, and Victoria's Secret and GAP headquarters in New York.

Our dedicated careers team also provides DMU students and graduates with support through one-to-one sessions and professional networking events. Past and present students automatically have access to MyGateway – our online careers portal for jobs, events, and face-to-face appointments where you can discuss finances, mental health and disability support.

 dmu.ac.uk/dmuworks

Volunteering

Students can gain volunteering experience with our award-winning #DMUlocal initiative – a scheme that uses the knowledge and skills of students and staff to help the local community. Square Mile India, our expansion of this initiative, allows staff and students to travel to Ahmedabad to make a difference to the lives of those in disadvantaged communities.

 dmu.ac.uk/dmulocal

Work while studying

Whether you want a part-time job for a couple of hours a week or a full-time position for a short period, the campus-based Unitemps recruitment agency has opportunities for paid work both inside the university and in the local area.

Amazing partnerships

DMU is working with the United Nations to help support refugees worldwide by taking a lead role in the #JoinTogether campaign. Our students and staff have visited the UN headquarters in New York to work on the project, and DMU is the only UK university to have been named as a hub for one of the UN's Sustainable Development Goals. DMU is also a founding partner of the UK Pavilion at Expo 2020 Dubai, one of the world's largest trade, culture and technology fairs.

An approach that works

At DMU we count Oscar-winners amongst our graduates – as well as many who have gone on to great jobs with organisations like Warner Bros, the BBC, IBM, Tommy Hilfiger, Nickelodeon, River Island, HSBC, Nike, Gucci, BMW, Levi's, NASA, the NHS, Disney and Adidas to name just a few.

ACCOMMODATION

With a range of comfortable and modern rooms close to campus, DMU provides high-quality accommodation perfectly suited to your needs.

If you want to get the most out of your university experience, the right accommodation is hugely important. With ten DMU halls of residence for international students, you have a great choice of places to live either on campus or within 10 minutes' walk. Our flats are mostly en suite and self-catered with shared kitchens and laundry facilities on site, and there is a choice of mixed or same-gender flats available.

Each year, we guarantee rooms in our halls of residence for all new international students who accept a place by our deadline.

Find out more at:

 dmu.ac.uk/accommodation

 dmu.ac.uk/internationalaccommodation

All Tier 4 students are expected to live within a commutable distance of our Leicester campus. Please refer to page 73 for more information.

What's included?

- ✓ Shared kitchen facilities: fridge/freezer and cooker at minimum, though most include a microwave, kettle, toaster, iron/ironing board and vacuum cleaner.
- ✓ Shared laundry facilities
- ✓ Furnished bedrooms
- ✓ Internet access (additional charges may apply)
- ✓ On-site hall manager and visiting residence coordinators
- ✓ Secure postal points
- ✓ Security staff either on-site or on-call 24/7
- ✓ CCTV and/or electronic door entry systems
- ✓ Bike parking/storage

Some halls also offer one or more of the following:

- ✓ En-suite bathrooms (all with showers, no baths)
- ✓ Deluxe/premium/double bedrooms – pay more for a larger room with more storage and/or a double bed (single occupancy only)
- ✓ Self-contained studio apartments
- ✓ Contents insurance
- ✓ Common rooms

As a guideline you can expect rent prices to range from £97 per week for a standard non en-suite room to £191 per week for a studio*.

Book your room online

Our online booking system makes reserving your accommodation a quick and easy process. Once you have chosen DMUIC as your firm choice, we'll invite you to book your room and provide you with all of the necessary details*.

Private renting

Private accommodation options are also available as an alternative to university accommodation. Whether you want to live independently in Leicester or stay on campus, there is something to suit everyone.

For help securing private living accommodation, please contact the DMUIC Student Services at college@dmu.ac.uk

All DMU halls of residence are signed up to the Universities UK national student accommodation code of practice. We aim to offer a healthy, safe environment with the professional level of service you would expect. University-sourced, privately managed halls are signed up to the equivalent Accreditation Network UK (ANUK)/Unipol national code, which commits providers to maintaining professional benchmark standards for large student developments.

* Online booking is not available for students joining in January, March and August.

INTERNATIONAL INCORPORATED BACHELORS

INTERNATIONAL INCORPORATED BACHELORS

The International Incorporated Bachelors (IIB) offers you a different start to your undergraduate study at DMU, strengthening your English abilities and introducing the key concepts and academic skills required for your chosen degree subject. Depending on your academic profile, you can study a three or four-year degree course.

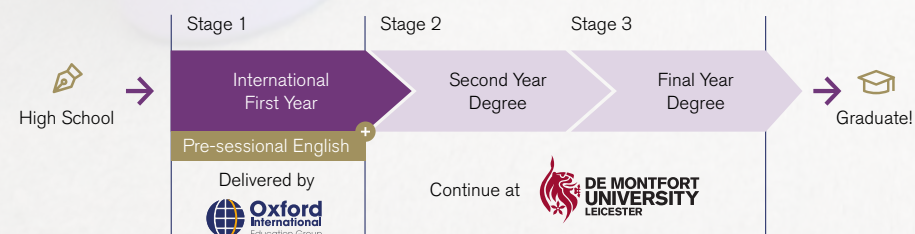

International Year Zero (IYZ):

The IYZ is the first year of the four-year IIB. Your first year is taught at DMUIC. Once you successfully complete this year, you will continue studying the remaining stages of your degree course directly with DMU.

International First Year (IFY):

The IFY is the first year of the three-year IIB and is taught at DMUIC. It is the equivalent to your first year of study at undergraduate level. Once you have successfully completed this year, you will move directly to the second year of your degree study with DMU.

WHAT TO EXPECT ON THIS COURSE

Assessment

Throughout your undergraduate pathway course you will be continuously assessed to make sure that you are on track. We will give feedback in person and in writing so that you know how you are doing and how to improve. Through project work, you will learn to work independently and in groups, and we will also assess your progress through tests and exams. Any assignments will be graded and critiqued by your tutor.

Teaching to university standards

Our classes prepare you for higher education at DMU to give you the best preparation for DMU's lecture halls and classrooms and bridge the gap from secondary to tertiary education.

INTERNATIONAL YEAR ZERO

Get the perfect start to your degree at DMU with the International Year Zero (IYZ). You will study the first stages of the four-year IIB at DMUIC in order to complete your degree at DMU.

International Year Zero (IYZ)

You can choose one from the following six routes:

- Art and Design
- Media
- Business and Law
- Life Sciences
- Engineering and Computing
- Pharmacy

Common modules for all IYZ pathways

English for Academic Purposes (EAP)

It is vital you can communicate in English and understand your lectures. In addition to other core modules, there is a continuous English language module to help you improve your skills. You will learn how to express your opinions and arguments in writing as well as through speech, produce written academic work and enhance your research skills. Our teachers are experts at helping you improve your English for the purpose of studying and communicating at university and beyond.

Study Skills modules

Depending on your choice of course, you will study one or more of these modules to enhance your academic skills.

Study Skills I: Introduction to DMU

This module is designed to help students make the transition to UK Higher Education. Students will be introduced to a range of study skills that will help them become more successful in their studies at DMU. During the module, students will build a portfolio of work and engage in their first academic presentation in a university setting.

Study Skills II: IT and Numeracy

You will gain a foundation in IT skills and enhance your math abilities. You will learn how to use Microsoft Office Word, Excel and PowerPoint.

Study Skills III: Communication

In this module you will study referencing in academic writing, learn how to avoid plagiarism, experience note-taking in a lecture hall environment, and develop your confidence by undertaking exercises in public speaking and debating.

Each route is three terms plus an optional additional 6 or 12 week pre-session English course depending on your level of English. You will study English for Academic Purposes (EAP), including Study Skills.

Entry requirements

Course	English Language Requirements
IYZ	IELTS 5.5 with no less than 5.5
+6 week Pre-session English	IELTS 5.0 with no less than 4.5
+12 week Pre-session English	IELTS 4.5 with no less than 4.0

We accept a range of English language qualifications such as the Pearson Test of English (PTE). For more information visit dmu.ac.uk/DMUIC

Continuing your degree at DMU

You must select your degree when you apply. Once you have successfully completed the first stage of the course at DMUIC, you will continue onto the next stage of your chosen degree at DMU.

International Year Zero (IYZ)

ART AND DESIGN

This is a practical course that includes creative work as well as theory. You will learn how to manage creative projects and prepare your portfolio. Whether you are going on to study fashion or architecture, you will learn the foundations needed for your chosen discipline.

Course duration: Nine months (30 Weeks) ▪ Start dates: January / September

Continuation degrees:

BA (Hons)

Animation	Fashion Buying with Design	Fine Art
Architecture	Fashion Buying with Product Development	Footwear Design
Contour Fashion	Fashion Communication and Styling	Game Art
Contour Fashion Communication	Fashion Design	Graphic Design
Design Crafts	Fashion Textile Design	Graphic Design (Illustration)
		Interior Design
		Photography and Video

Product and Furniture Design
Product Design
Textile Design

BSc (Hons)

Architectural Technology
Product Design

Additional entry requirements apply for entry onto this pathway course.

Modules:

Art portfolio

This module is designed to assist you in creating a portfolio of work in your chosen continuation route.

2D and 3D media processes

You will explore different media through the use of 2D and 3D processes such as drawing, print, painting and collage.

Contextual studies in art, design and media

This module helps you to develop a critical understanding of contemporary, historical and cultural influences to inspire and inform your own practice.

Researching and recording digital arts

This module will introduce you to the use of computers, photography and digital editing software. You will use these skills to develop a digital portfolio (website) related to your continuation route.

English for Academic Purposes (EAP)

(See page 32)

Study Skills I (See page 32)

For more detailed information on the modules you will study please visit:

 dmu.ac.uk/DMUIC/IYZ/Art-and-Design

Khanh Nguyen, Architecture

Architecture graduate, Khanh Nguyen, presented his unique designs for high-rise living to a huge audience at Hong Kong's GREAT Festival of Innovation. His 'Vertical Village' designs then went on to win the first prize out of 1,000 entries in the Zealous Emerge Architecture Awards. Khanh thanked his tutor, Dr. Hadi, for all his support: "The answer lies in discovering how we live, work and play, what we enjoy and what we need for wellbeing. The challenge in design is how we shape that environment that effectively or positively affects social life."

Continuing your degree at DMU

DMU's art, design, architecture and fashion courses nurture creativity and encourage experimentation by offering industry-standard facilities. The award-winning Vijay Patel Building brings many of our art, design architecture and fashion courses together into a striking building.

You will also benefit from using DMU's extensive range of specialist facilities, including professionally equipped studios with extensive pattern-cutting tables, print rooms, CAD suites and textile testing labs. Take a look at our stunning showcase at dmu.ac.uk/aad

HIGHLIGHTS

DMU is ranked in no.1 for Architecture in the East Midlands for 'Graduate Prospectus' according to the Complete University Guide 2020.

The Contour Fashion BA (Hons) will see you work to briefs with global brands such as ASOS, Curvy Kate and Lycra.

At DMU you will learn about the academic, professional, industrial and commercial challenges of design practice.

DMU is ranked in the Top 10 for Fashion and Textiles in the UK, according to The Guardian University Guide 2020.

International Year Zero (IYZ)

BUSINESS AND LAW

This course is designed to give you a solid grounding in the basic principles of management, marketing strategy and economics as well as law, government and society, depending on your chosen route of study. Students on this course will gain insight into a wide number of organisational practices, theories and behaviours.

Course duration: Nine months (30 Weeks) ▪ Start dates: January / April¹ / September

Continuation degrees:

BA (Hons)

Accounting and Business Management

Accounting and Economics

Accounting and Finance

Advertising and Marketing Communications

Arts and Festivals Management

Business and Management

Business Entrepreneurship and Innovation

Business Management and Economics

Business Management and HRM

Business Management and Law

Economics

Economics and Politics

Fashion Buying with Marketing

Fashion Buying with Merchandising

History and International Relations

History and Politics

Human Resource Management

International Marketing and Business

International Business

International Relations

International Relations and Politics

Law and Economics

Marketing

Politics

Public Administration and Management

BSc (Hons)

Economics

Global Finance

Global Leadership and Management

Psychology

Psychology with Criminology

Psychology with Education Studies

Psychology with Health and Wellbeing in Society

LLB (Hons)

Business Law

Law

Law and Criminal Justice

¹Starting your degree studies in April means that you move onto stage 2 at DMUIC - International First Year - before joining DMU for the final two years of your chosen degree course.

Compulsory modules:

Business Functions

This module will give you an excellent understanding of the different types of business organisations in the public, private and not-for-profit sectors.

Introduction to Accounting

This module is designed to introduce you to the basic theory and mechanics of accounting to prepare you for the first year of your degree.

Modules: Business-related degrees

Understanding Management

The module provides an introduction to management in modern business enterprises, exploring the role and function of managers within this context.

Business Economics in Context

The module analyses key international issues through the lens of the principles and terminology used in economics.

Modules: Politics, Psychology and Law-related degrees

Introduction to Legal Principles and Systems (Law)

The module has a focus on the law as it relates to businesses and provides a functional knowledge of basic rights and liabilities in law that may affect a modern business.

Government and Society

This module provides students with an excellent introduction to the political and social structures of the society highlighting the role of media and crime in society.

Core Modules (Compulsory)

English for Academic Purposes (EAP) (See page 32)

Study Skills I (See page 32)

Study Skills II (See page 32)

Study Skills III (See page 32)

For more detailed information on the modules you will study please visit:

 dmu.ac.uk/DMUIC/IYZ/Business-and-Law

Continuing your degree at DMU

DMU courses are designed with employability in mind, and lecturers share their expertise and real-world experience to help students develop sought-after skills and knowledge in their chosen industry.

HIGHLIGHTS

DMU is a Gold Status Association of Chartered Certified Accountants (ACCA) Learning Partner and accredited by the Chartered Institute of Management Accountants (CIMA).

100% of DMU Business and Management graduates from 2017 are in work or further study after graduating, according to the Destinations of Leavers from Higher Education (DLHE) 2016-17 report.

DMU is the only university in the UK to hold both Congress to Campus and European Parliament to Campus events, featuring visits from prominent political figures to enhance your study experience.

Students at Leicester De Montfort Law School have access to a crown court – a site of trials since the Middle Ages – a civil court and a contemporary mock court room.

International Year Zero (IYZ)

ENGINEERING AND COMPUTING

This is a broad course encompassing key principles of both disciplines. Designed to give you a foundation in real-world systems, this course will prepare you for a degree across a range of exciting areas including Cyber Security, Digital Forensics and Aeronautical Engineering.

Course duration: Nine months (30 Weeks) ▪ **Start dates:** January / April¹ / September

Continuation degrees:

BSc (Hons)	Computer Games Programming	Intelligent Systems	Electrical and Electronic Engineering
Architectural Technology	Computer Science	Software Engineering	Energy Engineering
Business Information Systems	Cyber Security		Mechatronics
Computing	Digital Forensics	BEng (Hons)	Mechanical Engineering
Computing for Business	Information and Communication Technology	Aeronautical Engineering	

¹Starting your degree studies in April means that you move onto stage 2 at DMUIC - International First Year - before joining DMU for the final two years of your chosen degree course.

Modules: Engineering-related degrees

Engineering Sciences

This module introduces you to the most important concepts of mechanical and electrical theory and practice.

Modules: Computing-related degrees

Computer Skills and Research

This module will help you develop the IT, mathematical, communication, research and study skills required to prepare for specialist IT and computing degrees.

e-Commerce Computing

This module will provide you with a practical introduction to the technology, terminology, and business aspects of the computing world.

Core Modules (Compulsory)

Mathematics

This module will help you to develop basic mathematical skills. These skills will be developed to help you solve a range of engineering and computing problems.

Problem Solving and Programming

This module will introduce you to practical computer applications. You will learn how data is used and develop problem solving skills and computer logic.

Creative Technology Project

This module will bring together the skills you have learned from your other modules to produce a final project. This will involve project management, planning, problem solving and team work.

English for Academic Purposes (EAP) (See page 32)

Study Skills I (See page 32)

Study Skills III (See page 32)

For more detailed information on the modules you will study please visit:

 dmu.ac.uk/DMUIC/IYZ/Engineering-and-Computing

Continuing your degree at DMU

Courses at DMU across Engineering and Computing focus on exploring innovative new developments in the field and work with organisations at the forefront of research. A number of courses are accredited by professional bodies and DMU has links with renowned companies such as Hewlett Packard (HP), Deloitte, IBM, BT and Airbus UK.

HIGHLIGHTS

Take advantage of our great facilities - including a dedicated CAD design suite, a purpose-built engine testing facility, and a specialised open-plan laboratory for the study of thermofluids, solid mechanics and dynamics.

Benefit from work placement opportunities that enhance your practical and professional skills. Recent Engineering DMU placements have been undertaken at Cummings, Network Rail and Caterpillar.

Students have access to 100 high-spec PCs running Windows/Linux across five interconnected computer labs.

100% of DMU Computing graduates from summer 2017 are in work or further study after graduating (DLHE 2016-17 report)

DMU Racing

Students can take part in Formula Student which is one of Europe's most established educational engineering competitions organised by Institution of Mechanical Engineers (IMechE). It includes design, manufacture and testing of a petrol or an electric car. You can join either team and actively participate in building DMU race cars for this event.

International Year Zero (IYZ)

LIFE SCIENCES

A career in science is challenging, but the rewards are huge – you will be at the forefront of the latest medical discoveries and have the chance to help others. On this course, you will be given a thorough grounding in human biology and chemistry to ensure you have the skills and expertise to continue your degree.

Course duration: Nine months (30 Weeks) • Start dates: January / September

Continuation degrees:

BA (Hons)

Criminology
Criminology with Psychology
Criminal Investigation and Policing Studies (non-practice)

BSc (Hons)

Biomedical Science
Forensic Science
Nutrition
Speech and Language Therapy¹

Psychology

Psychology with Criminology
Psychology with Education Studies
Psychology with Health and Wellbeing in Society

BMedSci (Hons)

Medical Science

¹Additional entry requirements apply

Modules: Psychology-related degrees

Introduction To Psychology

This module introduces you to the main theoretical approaches and perspectives in the study of Psychology.

Research Methods

In this module, you will gain an understanding of the main scientific research methods, their advantages and disadvantages, and areas of application.

Government and Society

This module provides students with an excellent introduction to the political and social structures of the society highlighting the role of media and crime in society.

Modules: Life Sciences-related degrees

Basic Microbiology

This module introduces you to aspects of fundamental microbiology required for the study of Biomedical Science and Medical Sciences at undergraduate level.

Introductory Biochemistry

This module aims to provide a solid foundation in the fundamentals of biochemistry needed for specialist subjects in the various Life Science programmes.

Chemical Principles

This module is designed to introduce students to basic chemical theories which underpin biological activity. The relevance and application of these chemical principles to the life science disciplines will be outlined and discussed.

Core Modules (Compulsory)

Cell Biology

This module aims to introduce you to the basic concepts of anatomy, histology and physiology as an integrated experience of theory and laboratory observation.

English for Academic Purposes (EAP) (See page 32)

Study Skills I (See page 32)

Study Skills II (See page 32)

For more detailed information on the modules you will study please visit:

 dmu.ac.uk/DMUIC/IYZ/Life-Sciences

Continuing your degree at DMU

By studying with DMU, you will benefit from high-quality teaching and a recent £12 million investment in faculty facilities, including industry-standard laboratories and equipment. 98% of DMU health and life sciences graduates are in employment or further study within six months of graduating.² Graduates have gone on to work for employers that include the NHS, Alliance Boots, the Ministry of Defence and 3M.

HIGHLIGHTS

Psychology courses are accredited by the British Psychological Society, ensuring your teaching remains relevant to the latest developments in the sector.

DMU Forensic Science has been ranked TOP 15 in the UK by the Complete University Guide 2020.

Thivanka, from Sri Lanka, completed IYZ Life Sciences and is now studying BSc (Hons) Biomedical Science

"Biomedical Science is everything I hoped for, it is absolutely incredible. DMUIC prepared me well for it. Had it not been for DMUIC, I would have struggled. My tutors at DMUIC were astoundingly supportive."

International Year Zero (IYZ)

MEDIA

This course introduces you to a wide spectrum of topics. From politics to production, you will study everything you need to get a solid foundation in media and progress to your media-related degree.

Course duration: Nine months (30 Weeks) • **Start dates:** January / September

Continuation degrees:

BA (Hons)

Communication Arts
Creative Writing*
English Language
English Language with French
English Language with Mandarin
English Language with Spanish

English Language with TESOL
English Literature
Film Studies
Film Studies and Journalism
Film Studies and Media
Journalism and International Relations
Journalism and Politics

Journalism and Media
Media and Communication
Media and Communication with Languages
Music, Technology and Performance

BSc (Hons)

Audio and Recording Technology
Creative Music Technology
Media Production
Music Technology
Visual Effects

*Additional entry requirements apply

Modules:

Media Studies I

This module aims to introduce you to the key concepts in print and web-based media.

Media Studies II

This module aims to give you a grounding in both the theoretical and practical aspects of film making.

Researching and Recording Digital Arts

This module will introduce you to the use of computers, photography and digital editing software. You will use these skills to develop a digital portfolio (website) related to your continuation route.

Contextual Studies in Art, Design and Media

This module helps you to develop a critical understanding of contemporary, historical and cultural influences to inspire and inform your own practice.

Media Project I

You will learn new skills by creating a project at a basic level using visual, audio or written work to reflect your chosen continuation degree in art, design or media.

Media Project II

This module is designed to build on the skills acquired in Media Project I. Students will create a project of lower intermediate level using visual, audio or written work.

Core Modules (Compulsory)

English for Academic Purposes (EAP) (See page 32)
Study Skills I (See page 32)

For more detailed information on the modules you will study please visit:

 dmu.ac.uk/DMUIC/IYZ/Media

Continuing your degree at DMU

The Leicester Media School offers a range of technical, creative and communications courses. Many of DMU courses benefit from industry collaborations and partnerships with Channel 4, Creative Media Skills and Phoenix Film and Digital Media Centre. The multi-million pound Creative Technology Studios includes: Audio recording studios; Staging and editing equipment; Television studios; Mac-equipped computer suites; Newsroom suites; Broadcast-standard radio production facilities; Motion-capture equipment and Blue and green screen studios.

HIGHLIGHTS

DMU's communication, cultural and media studies has been ranked joint first in the UK for the proportion of its research outputs rated as world leading (4*) in the Research Excellence Framework 2014, the most recent evaluation of its kind.

DMU has been running programmes accredited by the National Council for the Training of Journalists (NCTJ) for more than 20 years.

100% of DMU Music Technology and Performance graduates from summer 2017 are in work or further study after graduating (DLHE 2016-17 report).

International Year Zero (IYZ)

PHARMACY

This course gives you the solid foundation in the principles of chemistry and biochemistry that you need to be able to study towards a pharmacy degree with the prestigious Leicester School of Pharmacy.

Course duration: Nine months (30 Weeks) • Start dates: January / September

Continuation degrees:

BSc (Hons)

Pharmaceutical and
Cosmetic Science

MPharm (Hons)

Pharmacy¹

¹Additional entry requirements for continuation

Modules:

Cell Biology

This module aims to introduce you to the basic concepts of anatomy, histology and physiology through an integrated experience of theory and laboratory observation.

Introductory Biochemistry

In this module you will learn about basic processes such as how humans get their energy from food, how exercise keeps us healthy and how diseases attack the body.

Chemistry I

In this module, you will begin to develop your understanding of basic theoretical principles and appropriate laboratory practice.

Chemistry II

In this module, you will build on the subject knowledge and practical skills acquired and developed in Chemistry I.

Core Modules (Compulsory)

English for Academic Purposes (EAP) (See page 32)

Study Skills I (See page 32)

Study Skills II (See page 32)

Study Skills III (See page 32)

For more detailed information on the modules you will study please visit:

 dmu.ac.uk/DMUIC/IYZ/Pharmacy

Continuing your degree at DMU

The Leicester School of Pharmacy at DMU is one of the UK's most established pharmacy schools, with more than 100 years of teaching experience; renowned for academic expertise, professional development training and world-leading research.

HIGHLIGHTS

The Pharmacy MPharm (Hons) degree is accredited by the General Pharmaceutical Council (GPhC) to ensure it delivers the highest possible standards for education and training in a rapidly changing profession.

100% of our Pharmaceutical and Cosmetic Science graduates from summer 2017 are in work or further study after graduating (DLHE 2016-17 report).

Yasmin, from Egypt, completed the IYZ in Pharmacy and is currently in year 3 of MPharm Pharmacy.

"I can't really choose one module that I've enjoyed the most. Each module offers the basics which allow an easy transition into the first year of university studies. The English for Academic Purposes (EAP) module has helped me gain confidence in speaking and conveying ideas in an effective way through seminar discussions and presentations."

INTERNATIONAL FIRST YEAR

This course is the first stage of a three-year integrated degree and is studied over three-terms. It is ideal for international students who do not meet the direct entry requirements for a DMU degree. When you successfully complete they IFY, you will continue to the second year of your DMU degree course..

International First Year (IFY)

You can choose one from the following routes:

- Business and Management
- Engineering and Computing

Common module for all IFY pathways

English for Academic Purposes (EAP)

It is vital you can communicate in English and understand your lectures. In addition to other core modules, there is a continuous English language module to help you improve your skills. You will learn how to express your opinions and arguments in writing as well as speech, produce written academic work and enhance your research skills. Our teachers are experts at helping you improve your English for the purpose of studying and communicating at university and beyond.

Each route is three terms plus an optional additional 6 or 12 week pre-sessional English programme depending on your level of English.

Entry requirements

Course	English Language Requirements
IFY	IELTS 5.5 with no less than 5.5
+6 week Pre-sessional English	IELTS 5.0 with no less than 4.5
+12 week Pre-sessional English	IELTS 4.5 with no less than 4.0

We accept a range of English language qualifications such as the Pearson Test of English (PTE). For more information visit dmu.ac.uk/DMUIC

Continuing your degree at DMU

The first year of your chosen degree course will be studied at DMUIC. Once you have successfully completed the IFY route you will continue directly into the second year of that degree.

International First Year (IFY)

BUSINESS AND MANAGEMENT

This course is the first year of a business-related degree. You will learn core subjects relating to management, marketing, business strategy, accounting and finance as well as Organisational Behaviour Theory. On successful completion, you will continue onto the second year of your chosen undergraduate degree course.

Course duration: Nine months (30 Weeks) ▪ Start dates: January / September

Continuation degrees:

BA (Hons)

Accounting and Business Management

Advertising and Marketing Communications

Business Management and HRM

Business and Management

Business and Marketing

International Business

International Marketing and Business

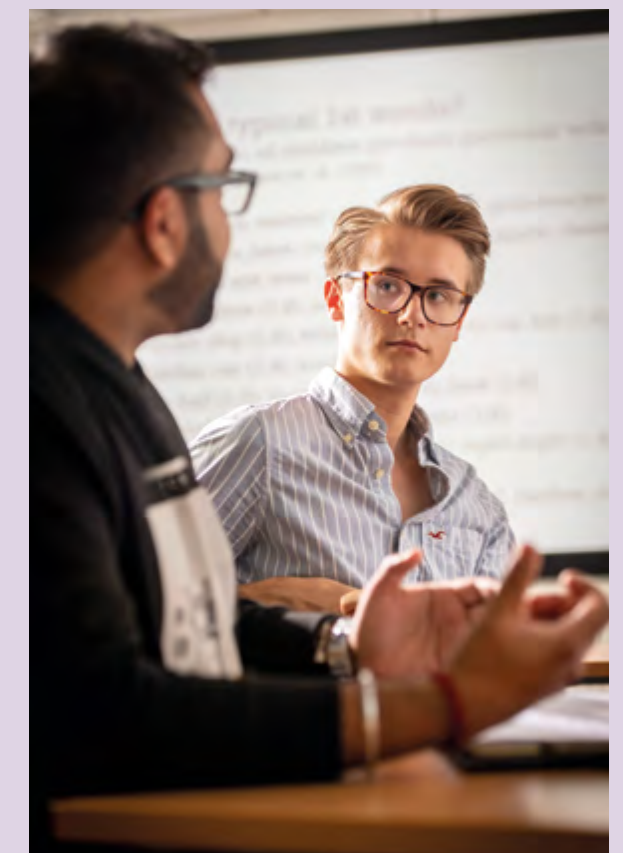

Marketing

BSc (Hons)

Global Leadership and Management

Continuing your degree at DMU

By choosing to study in the Faculty of Business and Law, you will be joining a global community of over 6000 students from over 100 nationalities. This community benefits from DMU's strong links with major professional bodies.

HIGHLIGHTS

Recent graduates from the Faculty of Business and Law have progressed to roles such as Accounts Manager at Red Bull, Assistant Manager at Lloyds Banking Group, Project Manager at Astra Zeneca, Corporate Business Development Manager at BMW and Management Trainee at Compass Group PLC.

Note:

Students who have progressed from IYZ Business and Law to IFY take the following subject modules in lieu of EAP:

- Introduction to Human Resources
- Enterprise and Innovation

Modules: Business and Management route

Global Business Issues

This double module introduces current global economic and business issues and the challenges these pose to managers.

Principles of Marketing

This module provides a basic grounding in and understanding of the theory and practice of marketing as a business management discipline.

Introduction to Work and Organisations

This module aims to introduce you to the concepts and theories relevant to an understanding of the behaviour of people in organisations.

Modules: Accounting and Business Management route

Introduction to Accounting

This is an introduction to the basics of Financial and Management Accounting.

Quantitative Methods

This will introduce you to basic statistics and financial mathematics within a business and organisational context.

Introduction to Law

This will provide an introduction to the study of law and some of the core areas of law, such as contract law.

Core Modules (Compulsory)

English for Academic Purposes (EAP) (See page 46)

Financial Decision Making

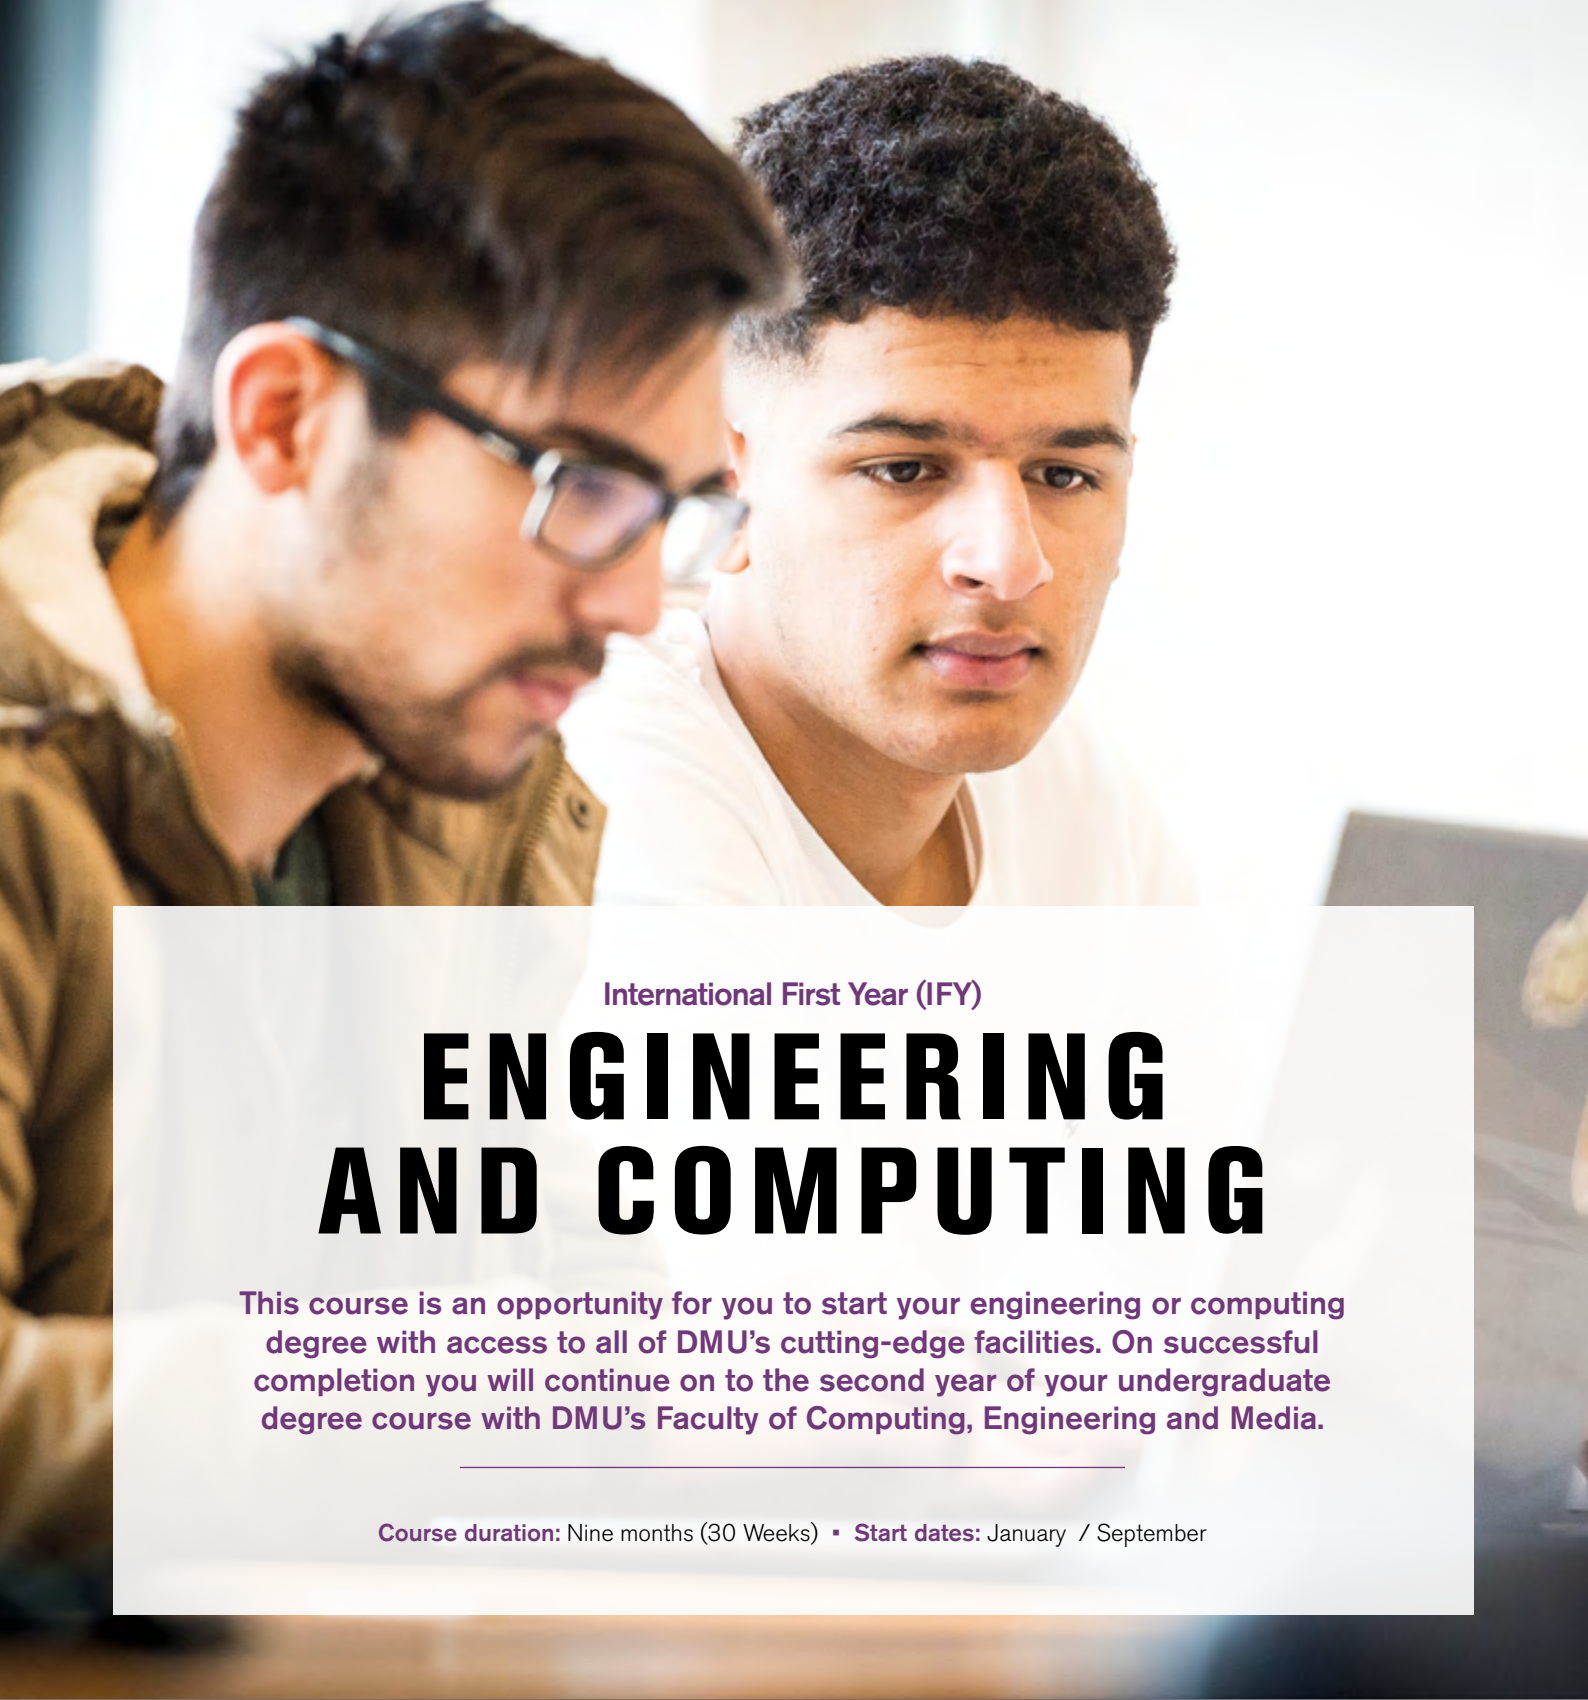

This module is intended to give a generalised introduction to accounting. It concentrates on the use of financial data within business, rather than theory.

Academic and Professional Practice

This module will develop the skills you will need in your professional career such as time management, presentation skills and organisation.

For more detailed information on the modules you will study please visit:

 dmu.ac.uk/DMUIC/IFY/Business-and-Management

International First Year (IFY)

ENGINEERING AND COMPUTING

This course is an opportunity for you to start your engineering or computing degree with access to all of DMU's cutting-edge facilities. On successful completion you will continue on to the second year of your undergraduate degree course with DMU's Faculty of Computing, Engineering and Media.

Course duration: Nine months (30 Weeks) ▪ Start dates: January / September

Continuation degrees:

BSc (Hons)

Business Information Systems
Computing
Information and
Communication Technology

BEng (Hons)

Electrical and Electronic
Engineering
Mechanical Engineering
Mechatronics

Modules: Engineering-related degrees

Engineering Mathematics

This module provides you with comprehensive knowledge in mathematics with emphasis on engineering applications.

Mechanical Principles

A double module which will provide you with a clear understanding of the key concepts of mechanical engineering. Learn to take accurate measurements, analyse and critically appraise experimental data and present the results.

Electrical and Electronic Principles

A double module which consolidates fundamental principles in electrical and electronics science together with a basic knowledge and understanding of common analogue and digital electronic devices.

Principles of Engineering Design and Manufacture Utilising CAD

This module teaches the key elements of the design process within engineering and introduces the general principles of Computer Aided Design (CAD).

Modules: Computing-related degrees

Database Management and Reporting

This module will provide you with a thorough understanding of how data is modelled in a relational database management system (RDBMS).

Visual Web Development

This module introduces the fundamentals of programming and aims to equip you with a working knowledge of software development.

Information Systems Development

This module will provide you with a practical and integrated overview of the Information Systems (IS) development process.

Core Modules (Compulsory)

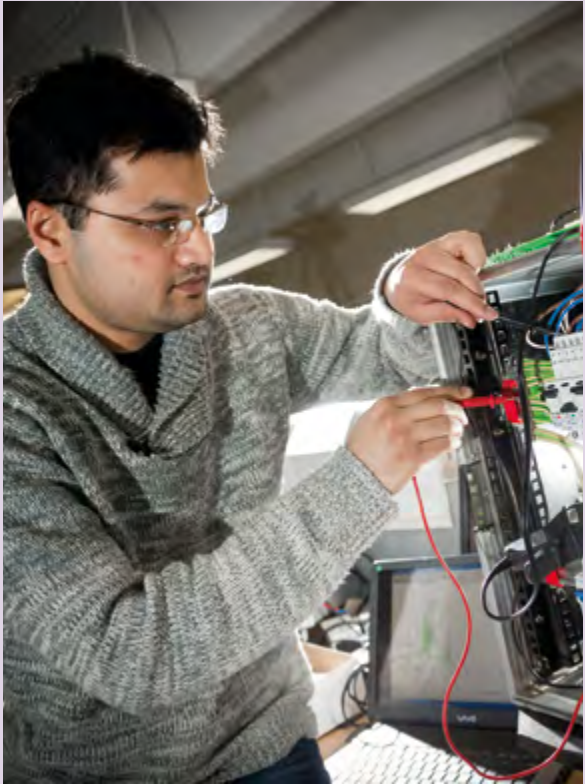

English for Academic Purposes (EAP) (See page 46)

For more detailed information on the modules you will study please visit:

 dmu.ac.uk/DMUIC/IFY/Engineering-and-Computing

Continuing your degree at DMU

The Faculty of Computing, Engineering and Media trains engineers, computer scientists and media technologists alike. From computing to engineering, DMU facilities are industry standard, so graduates have the skills required for a successful career.

HIGHLIGHTS

100% of DMU Mechanical Engineering graduates from summer 2017 are in work or further study (Destinations of Leavers from Higher Education 2016-17) compared to a sector average of 94.6%.

Computer Science and Informatics research at DMU was ranked third among modern UK universities in the Research Excellence Framework 2014.

Note:

Students who have progressed from IYZ Engineering and Computing to IFY take the following subject modules in lieu of EAP

- Introduction to Mechatronics
- Introduction to Analogue and Digital Systems

International Incorporated Bachelors

PRE-TOP UP

The Pre-Top Up (PTU) in Business is designed to help international students with a qualifying diploma move directly onto the final year of a DMU degree course. Depending on your academic qualifications, the Pre-Top Up course can be studied over one or two terms.

Course duration: One - Two Terms

Start dates: One Term - June, Two Terms - January / April

Continuation degrees:

BA (Hons)

Advertising and Marketing Communications
Accounting and Business Management

Business Entrepreneurship and Innovation
Business Management and Finance
Business Management and HRM

Business and Management
Business and Marketing
Fashion Management
Human Resource Management

International Marketing and Business

Modules for Postgraduate Study:

Business Communication

The module has a focus on language and skills development but also aims to engage you directly with business-related studies.

International Business Issues

This module aims to provide you with a deeper appreciation of the role of business in society, together with an insight into alternative economic and social structures.

International Marketing

This module will provide you with the opportunity to learn about marketing strategy from a managerial, organisational and country perspective.

Contemporary Management I

This is the introductory course in management and operations. It will introduce the latest management ideas, theories and practice.

Contemporary Management II

The second module in our introduction to management and operations focuses on how management can respond to change within an organisation - including how to plan for and implement it.

Core Modules (Compulsory)

Introduction to UK University Study

This module helps you to gain the confidence and achieve the skills, necessary for study at an advanced level. It provides opportunities to explore the meaning of learning in a university context. You will also learn about and practice skills required for essay and report writing.

English for Academic Purposes (EAP) (See page 46)

For more detailed information on the modules you will study please visit:

 dmu.ac.uk/DMUIC/PTU

BENEFITS OF THE PTU:

Excellent support for international students adjusting to life in the UK

Improve English language, confidence and more advanced study skills

Opportunity to gain bachelor's degree from DMU

Pre-Top Up One Term

Modules you will study:

- Business Communication
- International Business Issues
- English for Academic Purposes
- Introduction to UK University Study

Entry requirements

Course	English Language Requirements
PTU (One Term)	IELTS 5.5 with no less than 5.5
+6 week PSE	IELTS 5.0 with no less than 4.5
+12 week PSE	IELTS 4.5 with no less than 4.0

Pre-Top Up Two Term

Modules you will study:

- Business Communication
- International Business Issues
- English for Academic Purposes
- Introduction to UK University Study
- International Marketing
- Contemporary Management I
- Contemporary Management II

Entry requirements

Course	English Language Requirements
PTU (Two Term)	IELTS 5.5 with no less than 5.5
+6 week PSE	IELTS 5.0 with no less than 4.5
+12 week PSE	IELTS 4.5 with no less than 4.0

INTERNATIONAL INCORPORATED MASTERS

INTERNATIONAL INCORPORATED MASTERS (IIM)

A postgraduate qualification can enhance your career opportunities and help you stand out to potential employers. It could also help if you are looking to change career and need further training to boost your job prospects within a new field.

Our IIM course is designed for those students who do not qualify for direct entry to a postgraduate degree at De Montfort University. This could be because of the grades achieved in your undergraduate degree; your current qualifications are not equivalent to a UK undergraduate degree or if you want to improve your academic and English language skills. You can study the IIM over one or two terms depending on your academic qualifications and English language level.

Benefits of the IIM:

- Extend your academic knowledge in your chosen field of study
- Improve your English language ability to postgraduate level
- Develop critical communication skills
- Improve career opportunities and salary potential
- Provides the opportunity to specialise in a new field of study

You can choose one from the following routes:

- Art and Design
- Business
- Engineering

Entry requirements

Course	English Language Requirements
IIM (One Term)	IELTS 6.0 with no less than 5.5
IIM (Two Term)	IELTS 5.5 with no less than 5.0
+6 week Pre-sessional English	IELTS 5.0 with no less than 4.5
+12 week Pre-sessional English	IELTS 4.5 with no less than 4.0

We accept a range of English language qualifications such as the Pearson Test of English (PTE). For more information visit dmu.ac.uk/DMUIC

Core modules

In addition to subject modules specific to your discipline there are core modules common to all IIM students:

Academic English Skills

You will learn how to fully express your opinions and arguments in writing as well as through speech; you will also be able to produce high quality written academic work and enhance your research skills.

Introduction to UK Graduate Study

This module aims to help you develop the skills and confidence to effectively engage in postgraduate study.

Assessment

Postgraduate study requires lots of independent work and research. Throughout your IIM course you will be continuously assessed to make sure you are on track. In addition to project work and tests, we will give you feedback – in person and in writing – so that you know how you are progressing, and how to improve.

International Incorporated Masters (IIM)

ART AND DESIGN

This course has been specifically created to enhance your skills, knowledge and practice of art and design. You will explore digital techniques, traditional art mediums and professional practice across the industry. Students also benefit from using state-of-the-art DMU Art and Design facilities in the award-winning Vijay Patel Building.

Course duration: One - Two Term

Start dates: One Term - April / June, Two Term - January / April

Continuation degrees:

MA

Architectural Design
Design Innovation (with options in Digital Design, Footwear Design, Furniture Design, Interior Design, Museum and Exhibition Design, Product Design, Retail Design, Visual Communication Design)
Digital Design

Fashion and Textiles (with specialisms in Contour Fashion, Fashion Design, Footwear Design and Accessories, Textile Design)
Fine Art
Interior Design
Product Design

MSc

Design Innovation (with options in Digital Design, Footwear Design, Furniture Design, Interior Design, Museum and Exhibition Design, Product Design, Retail Design, Visual Communication Design)
Textile Design, Technology Innovation

Modules:

Art and Design Tools and Techniques I

This module will help you develop the critical skills required to be a successful artist, designer or project manager. You will learn about different art and design techniques and software such as the Adobe Creative Suite. There will be elements that focus on traditional art techniques that include drawing, sketching using a variety of mediums (ink, pencil, charcoal and pastel), collage, photography, 3D model making and fabric construction.

Art and Design Tools and Techniques II

This module will build upon the techniques and skills learned in Art and Design Tools and Techniques I.

Art and Design Investigation

This module consists of a number of activity-based small art and design research projects. These projects include developing and managing a series of challenges, decisions, tasks and timelines. Additionally, you are required to work both individually and in mixed disciplinary groups to complete the projects set. You will be encouraged to work both within and outside your chosen discipline.

Modules (Two-term course only):

Academic English Skills I (See page 56)

Core Modules (Compulsory)

Academic English Skills II (See page 56)

Introduction to UK Graduate Study (See page 56)

For more detailed information on the modules you will study please visit:

 dmu.ac.uk/DMUIC/IIM/Art-and-Design

Continuing your degree at DMU

DMU is a creative UK university which has been teaching art since 1897. Courses will give you the opportunity to work on live projects with industry and undertake work placements, giving you the skills you need to succeed in today's creative industries.

HIGHLIGHTS

You will have access to industry-standard software and hardware such as Adobe Creative Suite and Autodesk MAYA while working in a dynamic environment with ongoing digital design and multimedia research, and commercial projects. There are also opportunities to work on digital projects set by external companies and other organisations.

International Incorporated Masters (IIM)

BUSINESS

This course will enhance your skills, knowledge and understanding of professional practice within the business and commerce industry. You'll develop subject knowledge in relevant areas such as management and marketing and improve your study skills to better prepare for your postgraduate degree.

Course duration: One - Two Term

Start dates: One Term - September / April / June, Two Term - January / April / June

Continuation degrees:

MA	Business Economics and International Relations ²	Intercultural Business Communication ²	Marketing Management
Design Management and Entrepreneurship	Business Economics and Marketing ²	International Business and Entrepreneurship ²	Project Management ²
Fashion Management with Marketing ^{2,3}	Business Economics and Risk Management ²	International Business and Finance ²	Psychological Well-being
International Relations	Business Management in Sport ²	International Business and HRM ²	Strategic and Digital Marketing ²
MSc	Business Management in the Creative Industries ²	International Business and Management ²	MBA
Advertising and PR Management	Cultural Events Management	International Business and Marketing ²	Global
Business Economics and Business Finance ²	Health Psychology ¹		

Modules for Postgraduate Study:

Issues in International HR Management

This module studies the principal issues surrounding HRM in an international context. You will examine how firms in different countries deal with significant HRM issues. The practical focus is on systems of recruitment, remuneration, training, employee participation, knowledge management and management of industrial relations as crucial human resource functions.

Introduction to Accounting

This module introduces you to the financial concerns of a business through an understanding of the global accounting function. It will also help you develop a range of transferable skills of value in graduate study, for example, self-managed learning, team-working, presentation skills, report writing and critical analysis.

Fundamentals of Marketing

This module aims to provide an introduction to marketing and its various theories and concepts, assessing how these are used to achieve an organisation's objectives. You will consider how companies create a marketing strategy and the issues around decision making in marketing, while also developing a greater understanding of the marketing mix and its relevance in different markets.

Modules (Two-term course only):

Academic English Skills I (See page 56)

Core Modules (Compulsory)

Academic English Skills II (See page 56)

Introduction to UK Graduate Study (See page 56)

For more detailed information on the modules you will study please visit:

 dmu.ac.uk/DMUIC/IIM/Business

Continuing your degree at DMU

DMU considers itself to be a truly global university and the signature #DMUglobal programme offers all students an international experience that enriches studies, broadens cultural horizons and develops key skills valued by employers.

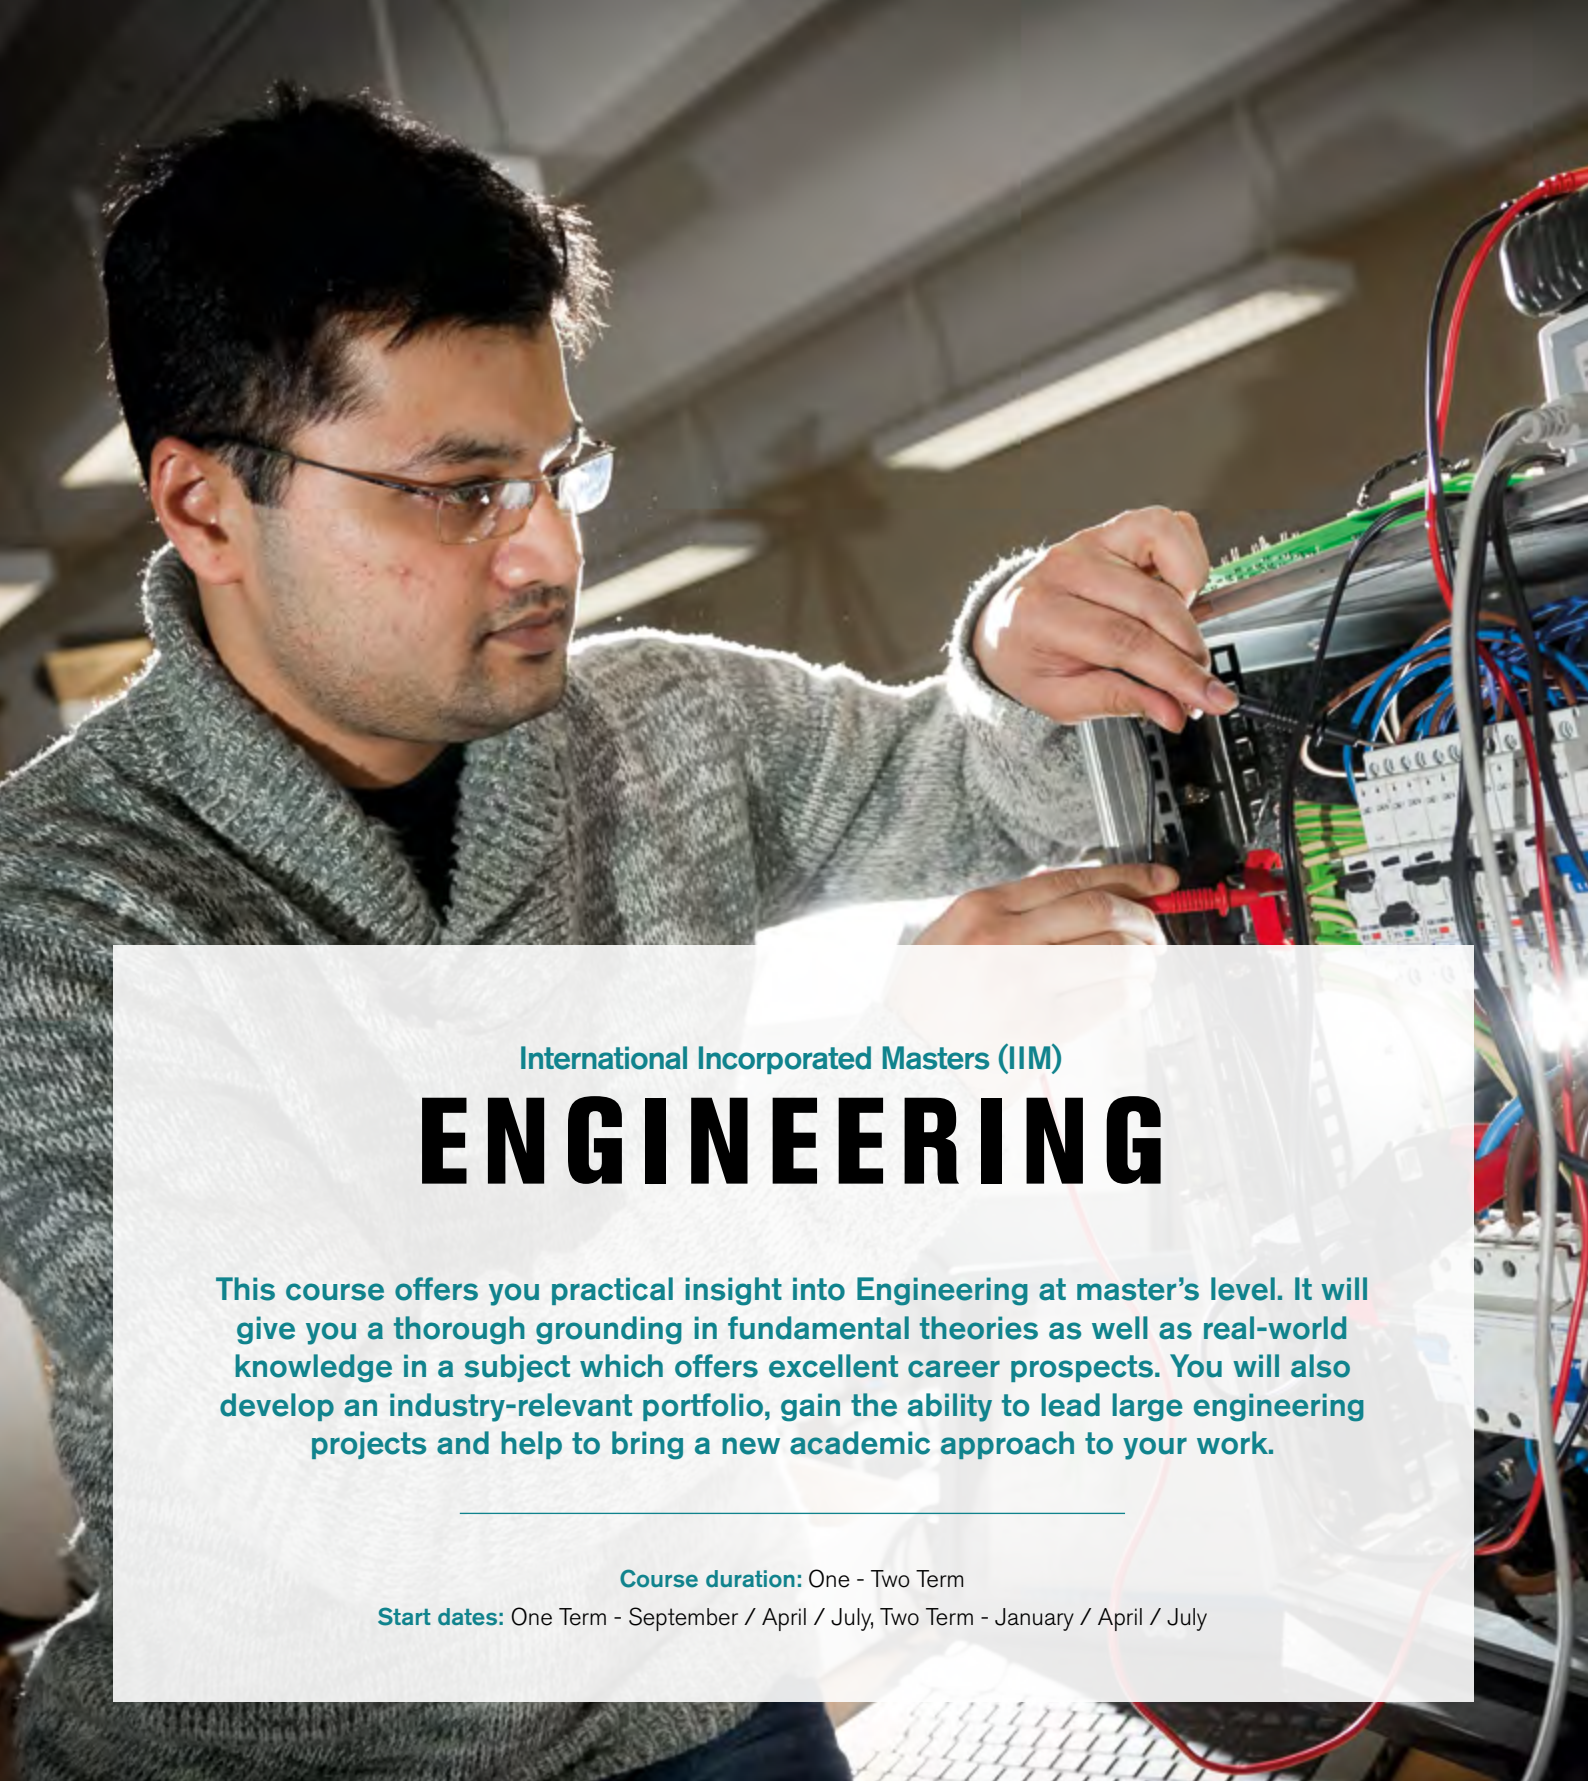

HIGHLIGHTS

The Global MBA course is dual accredited by the Chartered Management Institute (CMI); the course will allow you to focus specifically on employability and enhancing skills, whilst developing general communication and inter-personal skills, making it perfect for early career professionals and graduates.

You will have the opportunity to benefit from valuable work experience through a 12-week Executive Company Project. This is an alternative to a traditional theory-based dissertation, giving you the chance to apply your knowledge and experience to a specific business issue in an organisation.

Upon successful completion you will also be awarded a professional qualification from the CMI.

International Incorporated Masters (IIM)

ENGINEERING

This course offers you practical insight into Engineering at master's level. It will give you a thorough grounding in fundamental theories as well as real-world knowledge in a subject which offers excellent career prospects. You will also develop an industry-relevant portfolio, gain the ability to lead large engineering projects and help to bring a new academic approach to your work.

Course duration: One - Two Term

Start dates: One Term - September / April / July, Two Term - January / April / July

Continuation degrees:

MSc

Electronic Engineering
Engineering Management
Mechanical Engineering
Mechatronics

Modules for Postgraduate Study:

Systems Integration

This module will help you fully understand and apply fundamental engineering concepts. It will examine mechatronics and the integration of mechanical, electronic and computing systems. You will also study real-life applications of mechatronics in practice and the crucial role it plays in robotics.

Individual Project

In this module, you will have the opportunity to demonstrate your academic ability by completing a significant project as part of the course. You will need to complete it over several weeks and will have individual tutor support throughout. Through this project, you will also be expected to complete a substantial piece of research or product development work on an engineering topic chosen in consultation with tutors.

Engineering Management

Provides an insight and understanding into the approach and philosophy of Engineering Management, demonstrating the essential features and key areas of modern management required by engineers entering into their first management role.

Modules (Two-term course only):

Academic English Skills I (See page 56)

Core Modules (Compulsory)

Academic English Skills II (See page 56)

Introduction to UK Graduate Study (See page 56)

For more detailed information on the modules you will study please visit:

 dmu.ac.uk/DMUIC/IIM/Engineering

Continuing your degree at DMU

Students who join the Faculty of Computing, Engineering and Media to pursue a qualification in Engineering, benefit from a range of specialist facilities including a dedicated, open plan mechanical laboratory designed for the study of thermo-fluids, solid mechanics and dynamics, a purpose-built engine-test facility and a dedicated CAD design suite.

HIGHLIGHTS

Accredited by the Institution of Engineering and Technology (IET) ensuring you will benefit from the highest quality teaching and graduate with a recognised qualification.

ENTRY REQUIREMENTS

Below is a list of region specific academic entry requirements for DMUIC. You will also need to meet the English language requirements as stated on the course pages.

COUNTRY	IIB INTERNATIONAL YEAR ZERO	IIB INTERNATIONAL FIRST YEAR	INTERNATIONAL INCORPORATED MASTERS
Algeria	Baccalauréat de l'Enseignement Secondaire - Minimum overall score of 10/20 with a minimum pass (10) in at least 4 subjects.	Baccalauréat de l'Enseignement Secondaire with minimum overall score of 14/20 with a minimum pass (10) in at least 4 subjects plus an additional year of study, or Brevet de Technicien Supérieur with minimum pass grade of 10	Successful completion of Licence with a minimum pass mark of 11 out of 20 or diploma equivalent
Bangladesh	Successful completion of HSC with a minimum of 2.5/50%	Successful completion of HSC with a minimum of 3.6/70%	4 year Bachelor degree with less than 55% from BUET or less than 60% from other recognised universities.
Bulgaria	Diploma of Completed Secondary Specialised Education or, Diploma of Completed Secondary Education with minimum overall grade of 3/6.	Diploma of Completed Secondary Specialised Education or, Diploma of Completed Secondary Education with minimum overall grade of 4/6.	Bachelor degree or Diploma of Completed Higher Education (when studied before 1995) with minimum overall grade of 3/6
China	Successful completion of Secondary School Senior 2 with a minimum of 70% or Senior 3 with below 75%	Successful completion of one year of higher level study OR Graduation Certificate awarded below 60% OR High School Middle 3 at 75%	Chinese 3-year College Diploma in related subject area with 70%-74% or above or Chinese 4-year Bachelor degree below 75%
Colombia	Bachiller Academico with 6	Bachiller Academico with 8	4 year degree with GPA 3.5 out of 5 or equivalent
Cyprus	Upper Secondary School Leaving Certificate Overall of 10 (46%–50%)	Upper Secondary School Leaving Certificate Overall of 13 (61%–65%)	Diploma/Degree Ptychio (Bachelor's degree) 2:1 - minimum of 7.0/10.0 (70%) 2:2 - minimum of 5.5/10.0 (55%)
Egypt	General Secondary School Certificate, minimum 50%	General Secondary School Certificate, minimum 60%	Completion of a recognised degree, minimum pass grade
Ghana	Successful completion of the West African School Certificate (WAEC) or Senior School Certificate normally with an average grade 1-6 (A-C) in 5 or more subjects*	Completion WAEC or Senior School Certificate with average grade 1-6 (A-C) in 5 or more subjects and completion of one year higher study or successful completion of University or Polytechnic Diploma with lower credit or Ghanaian A levels equivalent to 32-80 UCAS Tariff	Higher National Diploma with over 70% or Bachelor degree with Third Class
Hong Kong	Pass HKDSE with a minimum of 4 subjects Including Maths where required at Level 2 or above (equivalent to 24 UCAS points) OR complete Form 4 and 5 with an average of 40-55% (depending on school's banding) including Maths where required	HKDSE minimum of levels 3,3,3 or 3,3,2 in relevant subjects (48 UCAS tariff points plus any additional compulsory subjects such as Maths) OR HKALE 2 passes minimum grade E in Maths and Science subjects, grade D in other subjects or equivalent to 48 UCAS tariff points	Associate Degree with 60% or above OR Degree with Third Class or diploma equivalent or Bachelors degree of GPA 2.4/4
India	Successful completion of Standard XI with average of 50% or above OR completion of Standard XII with average of 45% or above	Successful completion of Standard X11 with 50% average	Higher Diploma or Associate degree grades of 60% or GPA 2.7 OR successful completion of a Bachelor degree with grades below 55% or 50% from top 4 universities (Mumbai, Pune, Delhi, Kolkata

COUNTRY	IIB INTERNATIONAL YEAR ZERO	IIB INTERNATIONAL FIRST YEAR	INTERNATIONAL INCORPORATED MASTERS
Indonesia	Completion of SMA/SMU/SMK 2 average grade of 7.0 (70%) OR SMA/SMU/SMK 3 average grade of 6.5 (65%)	Completion of SMA/SMU/SMK 3 average grade of 7.0 (70%) OR Completion of SMA/SMU/SMK 3 plus one year of further study	Successful completion of D3 or D4 or Bachelor degree
International Baccalaureate (IB)	20 Points	22 Points	N/A
Ivory Coast	Successful Completion of Baccalauréat with minimum 12/20	Successful Completion of Diplôme Universitaire de Technologie with minimum 12/20	1 Term Successful Completion of Diplome D'Ingenieur with minimum 13/20 OR Successful Completion of Licence with minimum of 16/20 2 Terms Successful Completion of Licence with minimum of 13/20
Japan	Upper Secondary School Leaving certificate with average of 60%	Special Training School Advanced Course Certificate with at least 3.0/5.0 or 60%, or Associate Degree	Advanced Diploma or degree with below 70%
Jordan	Tawjihiya/Thanawihya/General Secondary School Certificate with good grades (60%)	Tawjihiya/Thanawihya/General Secondary School Certificate with good grades (60%) and Successful completion of at least one year of higher study. Certificate of General Secondary Education with 5 Passes (minimum pass is 50%) and successful completion of at least one year of higher study	Successful completion of Bachelor degree with Pass grade (below 2.5) or diploma equivalent
Kenya	East African School Certificate/Cambridge Overseas School Certificate/KCSE normally with at least 5 grade C's or above* *Applicants who do not meet the criteria will be considered on a case-by-case basis.	East African School Certificate/Cambridge Overseas School Certificate/KCSE with good grades and successful completion of one further years higher study OR Successful Completion of Diploma/Ordinary Diploma/ORdinary Technician Diploma/University Diploma with 50% or above	Successful Completion of Bachelor degree with Pass grade or diploma equivalent
GCC Countries	General Secondary School Certificate with 60%	General Secondary School Certificate with good grades (with one further year of higher study – Qatar, Saudi Arabia, UAE)	Bachelor Degree with a GPA below 2.5/4.0 or 2.8/5 or diploma equivalent
Lebanon	Baccalaureat 'General' OR 'Technique' minimum grade of 12/20	Baccalaureat 'General' OR 'Technique' minimum grade of 12/20 PLUS 1 year further study of 'Diplôme de Technicien Supérieur' with pass marks OR Baccalaureat 'General' OR 'Technique' minimum grade of 15/20	Third Class Bachelor (Maitrise) degree equivalent Diploma of Technical Licence / Licence Technique minimum grade of 10/20
Libya	Secondary Education Certificate with a score of at least 60%	Completion of high school education plus successful completion of one year of additional higher study	Bachelor degree from a higher technical and vocational institution with a grade of at least 50% or Bachelor degree from a university with a grade below 70% or diploma equivalent
Malaysia	Successful completion of SPM (Malaysia Certificate of Education) with aggregate of 30 or less in best five relevant academic subjects OR SPM School: Form 5 Term 2 or Mid-year transcript with aggregate 30 or less in best 5 relevant academic subjects.	STPM or A Levels/UEC with pass grades in relevant subjects or (Matriculation with grades below 3.0)	Bachelor Degree with a grade of Third class or diploma equivalent
Morocco	Diplôme du Baccalauréat or Diplôme du Baccalauréat Technique with pass grades	Diplôme du Baccalauréat or Diplôme du Baccalauréat Technique with pass grades	Diplôme d'Écoles Nationales de Commerce et de Gestion, Licence / Licence d'Études Fondamentales / Licence Professionnelle, Diplôme du Cycle Normal or Diplôme d'Ingénieur d'État with a grade of 9-11/20
Nigeria	West African School Certificate or Senior School Certificate normally 4 subjects with grades 1-6* *Applicants who do not meet the criteria will be considered on a case-by-case basis	WAEC or East African quals with average grades of B3 minimum	Higher National Diploma (HND) with a GPA of 2.5 or better or Bachelor degree with Honours with a grade of third class

Subject to change. For the most up-to-date list please see [dmu.ac.uk/DMUIC](https://www.dmu.ac.uk/DMUIC). *Pre Top-Up in Business country specific requirements please speak to your local representative or contact pathways@dmu.ac.uk

COUNTRY	IIB INTERNATIONAL YEAR ZERO	IIB INTERNATIONAL FIRST YEAR	INTERNATIONAL INCORPORATED MASTERS
Pakistan	HSC with 45% or above	HSC with 55%	Successful completion of a 4 year Bachelor degree below 55% or diploma equivalent
Poland	Świadectwo Ukończenia Liceum Ogólnokształcącego (Certificate of Completion from a General Lyceum without the state matura exam) With pass: "satisfactory" (Dostateczny) OR 3/6	Świadectwo Dojrzałości (Certificate of Maturity) with minimum average of 40% (GPA from at least 3 exams on basic and/or extended level)	Licencjat / Inżynier (Bachelor degree) with minimum of 3/5 (or out of 6)
Portugal	Certificado de fim de Estudos Secundários / Certidão do Décimo Segundo Ano with Overall GPA of 10/20 maths: 10/20	Certificado de fim de Estudos Secundários / Certidão do Décimo Segundo Ano with Overall GPA of 11.5/20 Maths: 10/20	Diploma de Estudos Superiores Especializados – DESE / Licenciado with minimum pass of 10/20
Romania	Certificate Liceului - Minimum average of 5 or above	Diplomă de Bacalaureat (Baccalaureate Diploma) with minimum pass of 6	Diplomă de Licență (Bachelor degree) / Diplomă de Inginer (Engineer) with minimum pass of 5/10
Russia	Certificate of Secondary Education with an average GPA of 3/5	Certificate of Secondary Education with good grades in relevant subjects plus successful completion of one year of basic specialised education with a GPA of min 3	Bachelor degree or Specialist diploma GPA of min 3
South Africa	Completion of Year 11 Senior Certificate with A – C in at least 5 subjects or successful completion of the National Senior Certificate	Senior Certificate with matriculation/ national senior certificate, or 32-80 UCAS tariff points at GCE A/AS Level or equivalent	Bachelor Degree with third class, or 59% or below or diploma equivalent
South Korea	Successful completion of high school Diploma with minimum average 7th grade Senior High School 2 with average 4th grade in relevant subjects or School Leaving Certificate with average 60% High School Graduation Equivalency Examination with 60%	Successful completion of High School Diploma with a minimum average 4th grade School Leaving Certificate with average 80% High School Graduation Equivalency Examination with 80%	Successful completion of a bachelor degree or level 5 3 or 4 year diploma equivalent
Taiwan	Senior High School Year 2 with 60% average/ Senior High School Year 3 with 55% average	Senior High School Leaving Certificate with 70% average or Completion of high school education plus successful completion of one year of additional higher study	Successful completion of Bachelor degree from National institution or Successful completion of Senior High School Leaving Certificate plus the two year Junior College Diploma or Successful completion of Junior High School Leaving Certificate plus the five year Junior College Diploma
Thailand	Successful completion of Maw 6 with minimum average of 1.0/50% OR Maw 5 with minimum average of 2.5 points	Successful completion of Maw 6 with minimum average of 2.5/65% OR Completion of high school education PLUS satisfactory completion of one year of additional higher study.	2 or 3 terms - Successful completion of Bachelor degree with a minimum average of 2.0 or above 1 term - Successful completion of Bachelor degree with a minimum average of 2.0 or above
UK Qualifications	5 GCSE/IGCSE at grades A*-E OR Two GCE A levels (grades E) OR Three GCE AS levels (grades D-E)	Two GCE A levels (grades A *– D) OR Three GCE A levels (grades D – E) OR One GCE A level (grades A* – D) and two AS levels (A – D) OR Three AS levels (grades A* – C)	Successful Completion of a degree or 3 year diploma equivalent, or a minimum of 15 years education.
Vietnam	Upper Secondary School Graduation Diploma - successful completion of Grade 11 with GPA 6.0*	Upper Secondary School Graduation Diploma – successful completion of Grade 12 with average Grade 6.0* OR Completion of Intermediate Diploma with 55-64%	Successful completion of college Diploma/ Associate Degree with GPA 7.0 or 70% or above OR Bachelor degree with below GPA 6.5 or Third class degree

These requirements are indicative only and subject to change. Each application is dealt with on an individual basis.
If your country does not appear on this list, please contact us **pathways@dmu.ac.uk**

Subject to change. For the most up-to-date list please see **dmu.ac.uk/DMUIC**. *Pre Top-Up in Business country specific requirements please speak to your local representative or contact pathways@dmu.ac.uk

Fees

Course Fees

- Students taking Art & Design courses should budget an additional £300 per term for Art & Design resources
- Tuition fees for DMUIC students are payable to DMUIC and can be found at dmu.ac.uk/dmuic
- Fees for the subsequent stage/s are paid directly to DMU and can be viewed at dmu.ac.uk/internationalfees
- Students should budget £200 per term for compulsory text books and study resources

Weekly Budget

The UK National Union of Students (NUS) estimates that for a student outside London, the average annual cost of living is around £12,000. This does not include your course fees or cost of international travel. Visit study-uk.britishcouncil.org/moving-uk/money-budgeting for further advice.

To find out more about applicable programme fees please visit dmu.ac.uk/DMUIC

Please note fees are subject to change, refer to our website for the most up to date information.

(J) DMU January Starts Only

HOW TO APPLY

Applying to DMUIC is easy. You will need to complete the application form and return it to your local representative. The application must include copies of all relevant academic transcripts and certificates of English language qualifications.

A COPY OF A VALID PASSPORT

A COPY OF YOUR ORIGINAL QUALIFICATION CERTIFICATE AND TRANSCRIPTS

Certified Translation (if applicable).

REFERENCES

If applicable.

A PERSONAL STATEMENT

This should outline why the applicant has chosen the University, the selected course and future career plans.

ANY CURRENT AND PREVIOUS VISAS, CAS (CERTIFICATES OF ACCEPTANCE) AND COPIES OF EXIT STAMP. PLEASE ALSO INCLUDE A COPY OF ANY PREVIOUS VISA REFUSAL LETTERS

EVIDENCE OF ENGLISH LANGUAGE PROFICIENCY AT THE REQUIRED LEVEL

We accept a range of English language qualifications. If you are studying Pre-Sessional English prior to the main course you will need an IELTS score of 4.5 overall with minimum 4.0 in each element. If you are not studying Pre-Sessional English prior to the main course you should have achieved an IELTS or equivalent minimum score of 5.5 in all components.

PORTFOLIO

If applicable (If you want to check if a portfolio is required please contact pathways@dmu.ac.uk).

APPLY ONLINE: dmu.ac.uk/dmuic/apply-online

What will happen after you submit their application?

STAGE ONE: CHECK QUALIFICATIONS

We will carefully review your application and check your academic qualifications and level of English language is suitable for entry to the chosen course.

STAGE TWO: ISSUE CONDITIONAL OFFER

Assuming the application is successful; we will send you a formal offer of a place.

STAGE THREE: ACCEPTANCE OFFER

Once you've met all the conditions outlined in your Conditional Offer we will send you an Unconditional Offer.

STAGE FOUR: SUBMIT DEPOSIT

To accept a place on the course, you will need to make a deposit to confirm your offer. The amount of your deposit will be confirmed in the Offer Letter.

All Tier 4 students are expected to live within a commutable distance of our Leicester campus and to engage appropriately with their studies. This distance has been set at 40 miles. The University expects students to be able to readily access academic materials, library services and professional services support and will expect students to live within a 40-mile radius of the University unless authorised by their programme supervisor and Immigration Compliance Manager. This term-time address must be provided at registration.

For those students who require a Tier 4 visa to enter the UK, the Home Office requires all Tier 4 sponsors to hold details of a student's current term-time address, including the proximity of their residential term-time address to the sponsor's teaching site. A Tier 4 sponsor must be able to demonstrate that students are engaging appropriately with their studies and within the regulations set out in the Tier 4 Policy guidance.

STAGE FIVE: CAS ISSUED

Upon receipt of the deposit we will request your pre-CAS documents. Once the pre-CAS documents have been received, we will issue you with a Certificate of Acceptance for Studies (CAS) number.

STAGE SIX: APPLY FOR VISA

You will then need to apply for a visa if applicable.

STAGE SEVEN: FINAL PAYMENT

Advance payment of remaining fees will be required prior to arrival.

STAGE EIGHT: ACCOMMODATION

Before the start of the course we will send you details of how to book and pay for your accommodation (if required) and a welcome pack. We will also ask for details of your flight to the UK.

STAGE NINE: WELCOME TO THE UK!

We can arrange for a taxi transfer upon your arrival at a UK airport (additional fees apply).
